

# 2017 PHARMACY PLATINUM PAGES

The Buyer's Guide For  
Pharmacy Management

## Hardy Diagnostics

Hardy Diagnostics is Your Microbiology Specialist and USP Compliance Advocate

For over 35 years, we have been a trusted manufacturer of culture media. Our Technical Support Team of microbiologists, as well as a friendly and responsive Customer Support staff, can assist with products to help you meet regulatory guidelines. We offer many quality products to help with your in-house testing and Compliance program. Our HardyVal Aseptic Media Fill Challenge test kits and a la carte components make USP <797> compliance easy. Hardy Diagnostics is also your source for the next generation of active impact air samplers, contact plates, liquid culture media, filtration testing products for USP <71>, growth promotion challenge organisms, and other items to assist with your environmental and drug sterility monitoring programs. Our products are produced at our FDA registered and inspected ISO 13485 certified manufacturing facilities. Ask where your media is coming from. Quality culture media goes hand in hand with patient safety, care, and viability of your business. We look forward to offering you generous customer discounts and a sample pack of our TSA contact plates when you let us know you learned about us from the RXinsider Pharmacy Platinum Pages.
