

PRESS RELEASE

2025-06-01

AN AMAZING YEAR **FOR ORUM INTERNATIONAL IN MILAN**

2024 was an amazing year for ORUM INTERNATIONAL, and we would like to thank our customers and all distributors for their trust and support.

The TRIO.BAS Microbial Air Samplers were present at twenty-five INTERNATIONAL SHOWS all around the world.

Fifteen education seminars about the environmental monitoring of the air were organized.

Ten sales seminars were organized for distributors in EUROPE, NORTH AMERICA, SOUTH AMERICA, the MIDDLE EAST, INDIA, and CHINA.

The TRIO.BAS line of microbial air samplers produced by the Italian company ORUM INTERNATIONAL is present worldwide in 45 countries, and 95% is exported.

The TRIO.BAS technical catalog is available on the web at www.triobas.com in different languages: English, Arabic, Chinese Simplified, Dutch, French, German, Japanese, Korean, Portuguese, Spanish, and Ukrainian.

Get in touch with the ORUM technical department in ITALY - MILAN or other ORUM distributors around the world.

An amazing and successful 2025 is waiting for all of us.

ACG TRIOBAS air sampler, compact and portable, allows operators to perform both active and compressed gas sampling in controlled contamination environments. Additionally, it enables users to verify the flow rate to ensure it is operating at the correct value.

One standout advantage that no other sampler offers is the ability to record data from surface or passive sampling using the same instrument.
